

EXPERIENCE CLEVELAND

 John Carroll
UNIVERSITY

The background image is a wide-angle aerial photograph of the Cleveland skyline during dusk or early evening. The sky is a deep blue. In the foreground, a multi-lane highway with several cars is visible. To the left, the Terminal Tower stands tall with its distinctive Art Deco spire. In the center, the Key Tower rises prominently. To the right, the Quicken Loans Arena is visible, along with other smaller buildings and green spaces.

WE'RE
PROUD
TO CALL CLEVELAND
OUR HOME

John Carroll's location, just 10 miles east of downtown, offers our students the ability to live and study in a safe, suburban neighborhood while having easy access to service, recreational, social, arts, and career-oriented opportunities.

Cleveland is known for the Rock and Roll Hall of Fame and LeBron James, but it is so much more than that.

Located in the northeast part of the state, bordering Lake Erie, Cleveland is Ohio's second largest city in terms of population. It was founded in 1796 by Gen. Moses Cleaveland.

The city has seen a revitalization in recent years, with downtown real estate at capacity, the addition of the Global Center for Health Innovation and Huntington Convention Center of Cleveland, and the redevelopment of Cleveland's original settlement, the Flats East Bank.

Cleveland is a world corporate center for leading national and multinational companies in industries ranging from healthcare, transportation, insurance, retail, and utilities, to commercial banking and finance. In fact, more than 500 businesses and organizations in Northeast Ohio are led by JCU alumni, creating a unique networking pipeline for our students.

We're also well known for our diverse food scene. Cleveland has been named a "foodie city" by numerous television networks, national publications, and websites. From the West Side Market - a Cleveland icon - to restaurants operated by award-winning chefs Michael Symon and Jonathon Sawyer, you'll never go hungry in Cleveland.

This brochure will only tell you about some of the things that make Cleveland "rock." We hope you'll take the time to explore our city and find out more for yourself about the world-class experiences the area offers.
